

1.15—TORT IMMUNITY

The District, as well as its agents, officers, employees, and volunteers are immune from liability for negligence, pursuant to A.C.A. § 21-9-301. When allegations of negligence are raised, whether in litigation or not, the statutory grant of immunity will be asserted.

The School Board retains the right to settle claims for negligence, as authorized by A.C.A. § 21-9-301, but it shall do so only in the most extraordinary circumstances. If any claim is settled, the District and the School Board specifically do not waive immunity above the amount of the settlement, nor is that immunity waived for any other claim, at any time, regardless of whether it is similar in nature.
