

Seatback Installation
michelle.yocum@gmail.com

Saturday, September 12th from 8:00 a.m. – until the work is complete.

We need approximately 120 people for the installation. This is open to all students, parents, and siblings over the age of 12. Please email Michelle Yocum with the student's name and how many workers to expect for him or her.

If you have done this in the past and can be a group leader, please let Michelle know. By working in groups across the stadium, the job goes much faster.

Payout will be \$.50 per chair installed by the group. We have 10,000 total, but last year, only 8000 were sold. That comes to \$40.00 per person working. If you have three working for a student's trip account, it comes to \$120.00 for one day.

Forklift drivers are also needed on September 10th, 11th, and 12th. If you can meet this need and work these days, please let Michelle know. Your job will be staging for the actual install and taking pallets of seatbacks from the trailers and placing them throughout the stadium (the pallets are already marked for placement).

This is a day of lifting, bolting, counting, placing, and communicating! When you sign up to work, be prepared to work! If a student comes without an adult, please remind them that they are there to do a job, not just hang out with their friends.

EMAIL MICHELLE YOCUM WITH THE STUDENT'S NAME AND HOW MANY WORKERS TO EXPECT FOR HIM OR HER.

This is a great way to earn money for the St. Louis trip as well as future trips made by the band.
