UNLEASHING CREATIVE GENIUS... ONE CHILD AT A TIME

This summer, invest in the skills that will help children achieve their full potential throughout the school year. Nonprofit Invent Now Kids' premier program, Camp Invention, is a weeklong adventure in creativity. Your children will experience inquiry-based learning through FUN activities that will help them **unleash their creative genius**.

The Camp Invention program consists of **five exciting modules** that are designed to provide a unique opportunity to explore the unknown, tinker with ideas, and satisfy an innate sense of curiosity. Children must tap into their creativity to solve real-world challenges and work as a team, using problem solving as a portal to discovery.

Renowned for the difference it's making nationwide, this enrichment program provides a safe, creative outlet for children to extend school year learning through FUN, hands-on activities that develop **important life skills that prepare them for the 21st century**.

Problem Solving on Planet ZAK®

Crash-land on an alien planet! Use innovative thinking to assemble protective clothing, assess the weather, and survive this strange environment.

Saving Sludge City™

It's up to you to green up and rebuild this polluted town. Create clean landfills, invent vehicles that won't pollute the air, and reinvent Sludge City!

Imagination Point: Ride Physics™

Design cool rides for an amusement park. Discover the science behind your very own model roller coasters and daredevil rides!

I Can Invent III™

Take apart a broken machine and see what's inside. Then use its gears, guts, and gadgets to invent a machine that's never been seen before.

Global Games™

Explore soccer and other sports as they were first played in ancient times. Add your own twist, get out of your seats, and get ready to play!
